Everything is right but your still not rich... Maximizing Your Conversions Just Got Easier ! Never Before Revealed Information! 2:25 p.m., Thursday Afternoon Dear Friend, When I wrote this is was mid afternoon. My friend just got off the phone with me and he was complaining about his job, as usual. I felt bad but then felt great because the salespage I just wrote made me a few hundred dollars in just one hour. Sorry to sound like Im bragging but you could be doing the same. If youve been involved with Internet Marketing for a while you probably have everything down pat. You could even be making some money off this little game. If youre not making the kind of money you want and youre doing everything right or you are not making any money and doing everything wrong, the proper salespage can make or break your business. But Dont Worry ... I wasnt always writing the best possible salespages to make the most amount of money in the fastest amount of time with the least amount of work. In fact, I struggled for years. But boy oh boy. Once I learned how to write salespages that convert I realized I could sell anything. Here I am a few years later and I am doing just that. Selling anything to anyone just because I figured out the secrets to writing salespages that convert. When something converts well it makes you more money in less time. Graphics, offers, testimonials, gimmicks. Those are all parts of a successful sales page but they are so minor compared to proper and effective copywriting that many people including myself simply write a killer sales page and let our writing do the selling. How Is That Possible? Its possible because people want to learn. Its a natural instinct that every human being has in them. Its your job as a copywriter to hit that nerve and make them pay for it and feel great about doing so. If you know how to make your sales page convert youd already know about: Highlights: 1) Crafting Your Call To Action If you dont tell someone to do it they are never going to do what you want them to. How can you make anyone do anything? Well, pick this guide up and youll find out just how to do this and a lot more! 2) The Right Way To Write An Introduction Your introduction is as vital to your salespages success as any other part. Without knowing what youre doing all your efforts are going to get you no where. Find out exactly how to introduce what youre selling plus much, much, much more! Here is what you will learn inside this guide.... Why getting attention is not the reason all headlines and sublines are in Red The

simple way to reel em in and make em pay all from your writing How proper testimonial writing skills can make or break your marketing When just telling people how good your product is wont work any more A great way to turn the most boring subject into a cash generating phenom The real and right way to leave your visitors in suspense forcing them to buy How the big boys warp words and embellish claims and how you can too Crafting the perfect highlights that will really make you stand out from the crowd Shocking your visitors into buying with a few simple words Why countdowns are a thing of the past and how to move towards the future And a lot more! How Much Is That Worth To You? Ive seen books that dont contain half of the information Im going to give you sell in the stores for thirty, forty, even fifty dollars. Thinking about everyone thats sunk their hard-earned marketing dollars into these quick fixes is enough to make me want to scream. If they only knew how much value they werent getting for their dollar! I firmly believe that everyone should have access to this information, which is why Im offering my e-book at a bargain price-with a money back guarantee to boot! 100 Love It or Leave It 90 Day Money-Back Guarantee! If youre not totally thrilled with MAXCON- Making Your Salespage Convert for whatever reason at all, simply send me an email and Ill cheerfully refund 100 your money with the click of a button. Youve got a full 90 days to try out the material. This is a no questions asked, no fuss money-back guarantee I like to adopt. Is that fair or what? Look at it this way - \$17 really is a drop in the bucket compared to the time and money you can save yourself by avoiding all the other books and tutorials out there. Why spend a fortune learning how to quilt, when you can do so for a much better price?
