The ONLY List Building Guide You Will EVER Need.. From: FBM Date: August 31, 2010 Everything is going to change for you, starting today. Imagine being able to make thousands of dollars by writing simple emails that generate a massive unstoppable flood of cash effortlessly, with NO room for error or risk of failure. Just by plugging in a proven system that has been used by countless marketing millionaires and CONTINUES to work effortlessly for anyone who puts it into action, you can literally start making money TODAY, EVEN if you have never been successful before! If you've been struggling to make money online, you will want to read every single word on this page because you've just stumbled onto the industry's secret weapon of the online gurus. In fact, these powerful techniques have been single-handedly responsible for generating millions of dollars a year and are not only proven to work for ANYONE, but will work in any niche market, and any industry! You've heard it said a thousand times, "the money is in the list".. You know you need one, the problem is.. "How Do You Set It All Up Quickly So That It's Virtually Bulletproof?" It's one thing to TELL you that you need a list, but it's entirely different to actually SHOW YOU how to grow a massive mailing list of active, responsive and hungry buyers.. and for the most part, they always seem to leave out that golden piece of the puzzle that puts it all together, leaving you confused, frustrated and scrambling to figure out why you are always failing to make it work. Well, after today, you will have a full arsenal of killer strategies to building and monetizing your mailing list.. and will never again feel trapped in that pocket of confusion, not knowing what your next move should be. In fact, even if you only start exploiting ONE of these strategies, you could begin to generate thousands into your bank account all from a SINGLE campaign! Savvy marketers know that there is nothing that even comes close to the power of a massive list chalk full of hungry, targeted buyers who are eager to receive your broadcasts and respond to your offers. Think about it for a second.. If you could blast a promotional email out to 5,000 people within 10 seconds, how much more money do you think you would make than if you were stuck "manually" marketing your products using sluggish, expensive or risky strategies? This is a built in customer base that wants to hear from YOU! Imagine what this will do for your online business. "There Is No Faster Or Easier Way To Make Money Online" Here Is What's NOT

Involved: No Previous Experience No High Cost Investment No Costly Outsourcing No Existing Products No Existing Websites No Technical Knowledge You can literally jump-start a brand new business in a matter of a few days, or if you have an existing product or service to offer or promote, you could instantly hijack enough traffic to skyrocket your earnings overnight! Imagine being able to make thousands of dollars by writing simple emails that generate a massive response every single time. Just by plugging in a handful of simple strategies, you can literally start making money TODAY, even if you have never been successful before. "Email Marketing Is The Secret Weapon Of The Gurus" This is not only child's play, but it's FAIL PROOF! These strategies have been used for years by the Internet's most successful businesses. From Amazon to EBay, every million dollar empire uses these simple techniques to consistently ring in sales, drive in fresh, targeted traffic and beef up their brand awareness, easily. But the problem is, despite how powerful these strategies are, the majority of new email marketers get it all, very, very wrong. You see, growing an active list isn't difficult at all if you know where to focus your efforts and how to develop an irresistible campaign that leaves people frantic to jump on board and subscribe to your newsletter. You can literally pull in more leads than ANY other strategy ever offered, in fact, you can make more money with a single list than a 1,000 other campaigns! But here's where people screw it all up.. Rather than focus on REAL subscribers, people focus on BULK.. the quantity, rather than the quality. While the bigger the list, the better, size only matters when each subscriber is an ACTIVE one! What is the user of having a subscriber list of thousands if only a fraction of that email base actually buys your products or responds to your emails? Inflated lists will only do ONE thing for your business.. cost you money! You see, the majority of professional autoresponder services (the guys who handle delivery of your emails) charge you PER subscriber.. that means that if you have a subscriber base of 1,000, you are paying for every single one of them.. It is CRITICAL that every subscriber you ever sign up wants and NEEDS what you are offering so that THEY essentially pay to be on your list. And believe me, it's easier than you think.. You can instantly grow a laser targeted mailing list that will pay out over and over again.. you just have to focus on the core strategies of pre-qualifying your leads so that you never have to deal with a fat, inflated campaign that does nothing but cost you money. I've been involved in email marketing and list building for over a decade. During that time, I've seen campaigns kick out anywhere from \$1,500 to \$18,000 from a single email. That's ONE email that took no more than five minutes to create and zap out to my customer base. And best of all? I didn't even have my own product! "You Don't Need Your Own

Product To Make Money With Your List!" You won't waste any time creating your own product before you start monetizing your list. In fact, within a few hours of creating your first list you could begin to see results as payment notifications hit your inbox at warp speed. I reveal a VERY simple strategy to locating hot products, writing up a quick promo ad directly targeted towards the kind of people who will RESPOND, so you can sit back and watch as the payment notifications hit your inbox like a tidal wave crashing on the shore... Not only will this be the most profitable strategy you will ever use, but it's one of the easiest methods of generating thousands of dollars on complete AUTO PILOT without having to lift a finger creating products, or spend a dime hiring a developer. Even if you're a lazy marketer (like me), you can't go wrong with building and monetizing your mailing list. If you can give up 10 minutes a day to sending out an email, you can make more money with this one strategy than ANYTHING else you ever try! I guarantee it! It's time to break through the wall of secrecy and reveal the exact methods used to drive in thousands of dollars each week, effortlessly! Here is just some of what's revealed within the List Building Bullet: How to create massive mailing lists without spending a penny on subscriber acquisition! These stealth list building strategies will suck in more subscribers than any "paid to" use strategy and will save you thousands in the process! How to fine tune your list building campaigns so that you are attracting ACTIVE buyers! We've talked about the importance of NOT inflating your subscriber base with dead weight and this single strategy will guarantee that never happens! The fastest methods of building a mailing list in ANY niche market, even if you have never tried your hand at email marketing in your life! These are newbie friendly strategies and can be executed effortlessly! (You cant screw this up even if you tried) How to find the hungriest markets and build high profit mailing lists in a matter of days without having a product of your own! You can jump right into these instant cash machines and start flooding your bank account with unstoppable payments without having to lift a finger in the process! Instant Download After Purchase All orders processed securely using industry-standard 128-bit SSL Encryption The super-charged list building strategy that can add THOUSANDS of new subscribers to your list in a matter of hours! Don't waste time with slow-yielding list building tactics again. Set up a campaign this way and you will continue to suck in new subscribers every single day, for months or years to come! The guaranteed formula for creating an irresistible squeeze page that sucks in subscribers like steel to a magnet! People will not be able to resist subscribing to your mailing list if you follow this simple squeeze page checklist! Turbo charged action plan for building a rock solid relationship with your list that compels

people to respond to every offer you send out! This goes far beyond offering decent content.. Find out how I make my subscribers feel OBLIGATED to act on every promotion I mail out! AND MUCH, MUCH MORE! "List Building Bullet Isn't Your Ordinary, Watered Down Ebook.." List Building Bullet is far more than a simple, comprehensive guide to list building. I can't thank you enough for putting this guide out in the hands of people like me who really needed it.. Bravo..!" Alicia Martin, Virginia Beach, USA "But The Clock Is Ticking And You're Losing Precious Time.." I want you to move on this because until you do, you'll be running around in circles, wasting precious time and leaving thousands of dollars on the table for your competitors to gobble up. Every day that you fail to build a mailing list and grow your business is another day where you are walking the outer parameter of an absolute goldmine, letting everyone else slide past you as they load up their bank accounts with cash that you weren't quick enough to grab. You have to follow the strategies that will make you the most money in the shortest amount of time, and when it comes to hyper-speed cash building tactics, NOTHING beats the power of building a profitable mailing list! With the List Building Bullet, you will have an outrageous advantage over your competition! You will NEVER 'chase' the sale ever again, because your customer base will be right at your fingertips! You will be able to reach your ENTIRE customer base in a matter of seconds EVERY single time you have a new promotion to blast you.. Simply type in a few lines of text and PULL THE TRIGGER! These strategies guarantee results

every single time you "plug" them in and activate them. In fact, in a matter of a few hours from now, you could have set up your entire campaign and begun to generate prime, red hot subscribers to your mailing list that will respond at YOUR command! You won't find a fast action strategy that even comes close to the List Building Bullet. "One List - One Email - Massive Cash!" "You have outdone yourself. The List Building Bullet is such a comprehensive, fast-track guide to building a profitable mailing list that even a total newbie like me couldn't screw this up! Your strategies are so easy to follow and have produced incredible results in such a short amount of time, I am STILL shocked that this actually worked.. and worked SO well! Thank you so much for offering what I believe to be the ONLY list building guide that anyone needs.. Thanks!" Brenda Morris, Calgary, Canada "Totally Delivers.. And Then Some!" The List Building Bullet certainly offers what it claims to.. a rich, effective blend of killer strategies and simple techniques for building profitable mailing lists quickly, easily and FREE! Love it.. thank you so much!" Ray Peterson, Lexington, KY - USA Listen, most list building eBooks focus on time consuming, expensive and outdated strategies.. You won't get anywhere following someone's "theory" based guide to driving in hoards of customers. Instead, you need to follow a proven system that has been used by the top marketers in your industry. Exploit their strategies and beat them at their own game. "Spend 10 Minutes Generating \$1,000s Or HOURS Struggling To Even Break Even.." Making money online isn't rocket science.. email marketing is the fastest way to the top, even if you've never even tried it before. Best of all, regardless of your experience, location, industry or even if you have absolutely no start up cash to spare, you can start making money with a single list and a handful of quick emails.. it's really that easy. Once you cut your teeth on this amazing strategy that will literally hand over the keys to building your online email marketing empire, you will never again struggle to make money again. Place Your Order Now To Your Success, Your Name P.S. If you really want to change your financial future, you need to go where the money is.
