If you want the freedom in life to do what you love, don't want to depend on working 40 hours a week just to pay your bills and simply don't have the time or money to start up your own business, keep reading Dear Friend, You live in a country where you have the right to choose the way you live your life. This freedom of choice is great if you want to live a comfortable life filled with free time to spend with your family, friends and do all the things you love. However, your freedom also gives you the choice to live paycheck to paycheck, work 40 hour weeks and be a slave to money and the things you spend it on every single month. And what's the point of all your freedom if you choose to be a slave to money? Freedom is only great if you take advantage of it, use it to it's full potential and make your life the way you want it to be. So what's the first step? The first step is realizing what's wrong with the way you currently make money. And that is if you work a regular job, you get paid in linear income. What is linear income? It is when you get paid an X amount of money for every hour you work. The problem with this is that you must keep working 40 hours a week to keep your income, you can't stop because if you do you won't have any money to pay your monthly expenses. This is bad, because "This System Keeps You Working Because You Have To Not Because You Want To" So unless working at your job is your life's dream, Linear Income will keep you a slave to money for the rest of your life - unless you decide to use your freedom of choice and do something about it. So what is the right choice to make? What will give you the freedom to quit your job, easily afford your monthly expenses and have time and freedom to travel, spend time with friend and family, concentrate on the stuff you love doing etc. The right choice is Residual Income.
