

Job Search Tracker

[DOWNLOAD HERE](#)

The concept behind Personal Trackers is to use a computer application, specifically a database application to manage a segment of your life. Job Search Tracker is not a tool to find jobs, rather it is a tool to keep track of all the details needed to manage your Career over the course of our entire life. We feel that Job Search Tracker is unique in the industry and it's very simplistic design approach makes it easy to learn and easy to use. Job Search Tracker specifications: Download Size: 28966 KB Processor (CPU): Pentium Class Processor Display (Screen Resolution): Minimum 800x600 Resolution Job Search Tracker support Support email: mr@visionsglobally.com Phone: 949-232-4535 Job Search Tracker manufacturer Global Visions Software 520 21st Street Suite G2-24423517 Norfolk visionsglobally.com
