The Fastest And Easiest Way Ever Revealed To Building Profitable Mailing Lists! From: Your Name Here  
Date: Tuesday, June 28, 2011 Dear Friend, Do you know what one of the fastest and easiest ways to make money online is? Building a targeted mailing list and then broadcasting promotional based messages to a confirmed audience of subscribers. Make sense, right? You simply offer an opt-in incentive to potential subscribers to capture attention, add them to your list and start sending out advertisements and offers that they'll respond to. Except, there's one small problem with this formula: For most people, it's a LOT easier said than done. So while there's no disputing the fact that email marketing is a BILLION DOLLAR industry, the real question is.. "How do you start collecting leads and recruiting ACTIVE subscribers who will actually respond to your offers?" Before I answer that question, let's rewind things a bit because it might not even be apparent to you WHY you are losing money by not building a mailing list. The truth is, when you first thought of building your online business, you probably never even considered a mailing list as part of your marketing arsenal, right? Don't feel bad, most of us don't. We're far too busy creating our websites and trying to drill down into profitable niche markets so we can make a living online and maybe even quit our day jobs. We need to stay one step ahead of our competition, and a mailing list just seems like too much work, or maybe something that can just be pushed back until we have 'more time'. In other words, it's not exactly the most important component to a successful online business.. - or is it? .. Here's the ugly truth about why you aren't making as much money as you should be.. You don't have a mailing list OR you don't have a TARGETED mailing list that you can instantly monetize! Even if you spent less than 1/4 of your time building a responsive, targeted mailing list, you would instantly TRIPLE your online income AND you'd not only make MORE MONEY but you would instantly maximize your exposure all at the same time! Bottom line: Building a responsive mailing list for your business IS one of the most important, and most easiest way to skyrocket your income and get more done - in less time. Building a targeted mailing list for your online business will: Help you dig deep into the most profitable markets without spending a lot of time on market research! (you'll not only save time, you'll save money!) Build a recognized brand in virtually ANY market you choose in less time than ever

before! (once you become an expert in your niche, the possibilities are endless!) Gives you an instant way to make money even without a product of your own! Cuts your workload in HALF by giving you instant access to a target audience of hungry buyers! (Stop hunting for customers! Let them come to you!) Maximizes your income instantly, while eliminating ALL advertising costs! You will have an active, ever-growing customer base right at your fingertips! So if you aren't building a mailing list of targeted subscribers, you aren't just losing money every single day but you are HANDING IT OVER TO THE COMPETITION! And worse, you are making things a lot harder on yourself than it has to be! It's true.. Email marketing simplifies every single aspect associated to building and running a successful online business AND it will give you an immediate boost in income! Do you want to spend every waking hour catering to your business, or do you want to exploit a proven strategy to automating your business and maximizing your profits virtually overnight? Unless you start building your list, no matter how much time and money you put into marketing your business, you will NEVER come close to making as much money as you will with a targeted mailing list. Think about how a targeted email list will help your online business, and you'll quickly discover just how much money you're leaving on the table. If you had a responsive and active customer base right at your fingertips that you could email ANY TIME you want, imagine just how easy it would be to make more money with literally no work involved other than typing up an email and clicking the "SEND" button. It just doesn't get better, easier or more profitable than this! One email out to a responsive subscriber base.. a single click of your mouse and your automated cash machine kicks into high gear and begins to drive in steady, ongoing profits! Believe me, it's the fastest and easiest method of making money online, even if you have virtually ZERO experience, or you're in 'off beat' markets. You can still benefit from a targeted mailing list. In fact, there's no way you can fail to maximize your profits with a mailing list. It's completely FAIL PROOF!
