Fuel Economy Products and Scams No Restriction Private Label Rights Ebook With very little chance that gas prices are going to drop, people are looking for alternatives. That is why business entrepreneurs are offering a variety of gas saving devices. The controversy though is that some people believe they work while others are convinced they are nothing more than a scam. There are hundreds of such products out there available and that is appealing to consumers. You definitely don't want to waste your time or money on something that isn't going to be effective. There is no reason to hand over the cash until you know you are getting a legitimate product with a high level of credibility behind it. Table of Contents Chapter 1: Introduction Chapter 2: Oil and Gas Additives Chapter 3: Magnetic Devices Chapter 4: Air Injection Products Chapter 5: Be Wary of the Testimonials that a Product Offers Chapter 6: Gas Saving Devices and Products that can Work Chapter 7: Save Money on Gas with Hypermiling Strategies Chapter 8: Conclusion There is no argument that everyone needs to do what they can in order to save money on gas right now. But that doesn't necessarily mean buying gas saving products is the way to go. Many consumers have been able to successfully incorporate the concepts of hypermiling to save money without any real investment.
