Sounds too good to be true right, but it is, it really is, the ultimate solution to all your marketing headaches. Wanna know more? Heres How TargetedVisitor Sends You Potential

Customers! TargetedVisitor is composed of hundreds to thousands of keyword-oriented PHP webpages with unique contents. These pages are search-engine-spider friendly! The spiders crawl and index the pages, and finally show them in the search results. Ooh Spiders! Yes spiders, quite remarkable little things as you will soon see for yourself. Once a visitor clicks the page URL of your TargetedVisitor, he will be re-directed to the destination URL you set. How Many Targeted Hits Will You Get? Assuming you used 10 TargetedVisitors and each one brought in 100,000 hits a month (Im a little bit conservative), your website would ultimately receive 1,000,000 unique and highly targeted hits on a monthly basis! More TargetedVisitors you set up, more traffic you get! What Can You Do With These Potential Customers? Thats a good question! You can send all these guys and gals to your websites and boost your sales. Or you can redirect them to your favorite affiliate programs to generate big commission checks. You can do anything with your imagination. You have heard of a double edged sword, right? Well, what we are talking about is more like a slice of bread that has been buttered on both sides. You can do anything with your imagination. The sky is the limit. But we have no intention of leaving you in a lurch, because your success means in a way our success too. So, Heres What You Get When You Order TargetedVisitor * Easy configuration and installation.
