Viral marketing - marketing techniques that use pre-existing social networks to produce increases in brand awareness, through self-replicating viral processes... Wikipedia What does a virus have to do with marketing? Viral marketing is a simple strategy that encourages people to pass on your marketing message to friends, family and coworkers, creating the potential for exponential growth, exposure and influence. Like viruses, this strategy takes advantage of rapid multiplication to explode the message to hundreds even thousands of people in a short period of time. In the offline world, viral marketing is often referred to as word-of-mouth, creating a buzz, or network marketing. While online its called viral marketing. The term viral marketing has taken the Internet by storm, literally! Some viral marketing strategies work better than others. But it all comes down to a few basic things.
