VVIPBiz.com How To Make Money With I-Phone Applications-PLR Included. Easily Create very popular I-Phone applications and sell them! Everything you wanted to know about... The internet is one of the best places to make money. There are many opportunities online, some of them actually work. One of the best ways to make money online is to understand the trends as well as be willing to work with technology. If you can do this, you can make a fortune online. You will never have to worry about your job again and will have all of the financial security that you need. What would you say if I told you that a year ago, I was just like you. I was worried about my job, which wasn't even bringing in enough money to get by. My house was heading towards foreclosure and my bills were late. Then a friend told me about a way to make money online. Without having to invest much money at all. In fact, this method of creating a product that is in demand and selling it can actually be accomplished on a very limited budget (under \$10) if you choose. Sound too good to be true? It's Not!... You can make money online when you use technology, which is all free online for the taking, to build web applications. But not just any web applications - special applications. Applications that are in hot demand right now and that people are clamoring to get. Investing a few dollars will make it easier, but if you have no money to spare, you can do this with free download software and a website. A website, including a domain name, tools to build the site and a host can cost around \$10 to start and \$5 a month to operate. You can even get companies to host for free. After that, you just need to know the proper resources to use to get the word out to the public, for free in a great deal of cases, about your application. The hottest technology to come on the market in a long time is the I-Phone. Right now, Apple has introduced the G3 I-Phone to the public and people are knocking themselves out to try to get the best applications. By making applications and selling them or distributing them online, you can make a lot of money in this arena. In this report, you will discover: 1) What is an I-Phone application? This book will explain to you just what an I-Phone application is and how you can use it to make money. It will teach you the concept of building the application and what type of software you can use to create the application, or widget. It will even give you resources on how to get the

application. 2) How to sell the I-Phone application After you have created a successful I-Phone application, you will want to sell it. This book explores the various ways that you can not only sell the applications, but how you can make money giving away the product as well. You will see how easy it is to actually make money in various ways with these very popular applications for the I-Phone. Tags: 3g, plr
