"The Handbook of Child and Adolescent Clinical Psychology" is a comprehensive, thorough and practical guide to modern child and adolescent clinical psychology. It covers all central concerns for practitioners in a single manual, including: conduct problems, emotional problems, learning disabilities, child protection, somatic illness, major depression, suicide, drug abuse, schizophrenia, divorce, foster care and bereavement. Each chapter opens with a broad chapter plan and case study, followed by sections on classification, epidemiology and clinical features. Written with practice in mind, it includes a section on report writing.
