Dear Frustrated Internet Marketer, have you heard about this new "no-selling" type of affiliate marketing online where you get paid even if you don't make a sale? Yes it's true - you can get paid without selling anything! How is this possible? It's made possible from a new wave of internet marketing that's sweeping the world wide web known as CPA marketing. It's kind of like affiliate marketing, where you refer people to a website with your referral link but the big difference is that the people you refer don't need to buy anything! CPA stands for Cost Per Action. Meaning that you get paid not when a sale is made, but when the people you refer take an action. That action might be to sign up for a free trial or fill out a form or enter their zip code to get a free insurance quote for example. The best part (besides the huge income you can make) for you as a CPA marketer is that you don't need to be a "pushy salesman" type of marketer to make money with it. It's getting tougher to "sell" stuff online by the minute! In this day and age where the economy is shot, people are holding on to their purses tighter than a swinging monkey holds on to branches. Have you been trying to make money the traditional way...and failing? You know the usual..."finding a product (ebook) to sell....then advertise it with your affiliate link....and hope for the best that someone will buy it"....type of approach. Well, you'd know as well as everyone that it's dang hard to sell anything these days! It's not only you...many marketers are feeling the affects of the bad economy. And it's just natural that when people run out of money, they buy less and look for free stuff more. So why fight an uphill battle trying to flog a \$37 ebook when there are more people looking for a free offer and you can get paid more commission for your efforts too!? That's right... CPA offers can earn you up to \$25 and more per referral! You may think that you'd get squat commissions giving away a freebie...but you'd be surprised how lucrative CPA marketing can be. One more thing you shouldn't overlook are the conversions. You can expect a "high-converting" ebook to convert at 2...which means 23 out of every 100 people who see the pitch page will buy... Whereas, CPA offers have been known to convert at a whopping 50 and more! Higher commissions, better conversion rates...why wouldn't you promote CPA offers? Glad you asked because there isn't a better time than right now to get into CPA marketing! While most marketers are still trying to 'force' sales and settling for 2 conversion rates, only a small few smarter
