Aesop's Fables have become a blanket term for collections of brief fables, usually involving personified animals. The fables remain a popular choice for moral education of children today. Many stories included in Aesop's Fables, such as The Fox and the Grapes, and more... A Christmas Carol - Charles Dickens written as a potboiler to enable Dickens to pay off a debt,[2] the tale has become one of the most popular and enduring Christmas stories of all time. In fact, contemporaries noted that the story's popularity played a critical role in redefining the importance of Christmas and the major sentiments associated with the holiday. Few modern readers realize that A Christmas Carol was written during a time of decline in the old

Christmas traditions. Dracula - Bram Stoker Dracula has been attributed to many literary genres including horror fiction, the gothic novel and invasion literature. Structurally it is an epistolary novel, that is, told as a series of diary entries and letters. Literary critics have examined many themes in the novel, such as the role of women in Victorian culture, conventional and repressed sexuality, immigration, post-colonialism and folklore.

The Green Mile - Stephen King More or less as a challenge, Stephen King published this story as a serial in six parts. Just as in Charles Dickens' time, the story was crafted while the book was already in production. In keeping with the serial concept, the first edition consists of six thin, low-priced paperbacks.

Hans Christian Andersen - Fairy Tales The Danish author Hans Christian Andersen is known for his original fairy tales, eighteen of which are collected here. Contents - The Emperors New Clothes - The Swineherd - The Real Princess - The Shoes of Fortune - The Fir Tree - The Snow Queen - The Leap-Frog - The Elderbush - The Bell - The Old House - The Happy Family - The Story of a Mother - The False Collar - The Shadow - The Little Match Girl - The Dream of Little Tuk - The Naughty Boy - The Red Shoes.
