You've purchased this product with Private Label Rights. You are free to sell it and keep 100 of the profits. True Confessions of a Tweak Coder reveals that puzzle, piece by piece. You don't have to read very far to see that the Ebook will demystify the entire process! If you can learn HTML, then you can create web scripts. You'll learn the same steps I use to create my own web scripts eproducts. You'll learn the method that enables me to take a barebones snippet of code or script and transform it into a highly-regarded product. You don't need to struggle with the same things I struggled with. You'll read about these struggles and about how I transcended them. How does this relate to you? You can learn from my mistakes and move on to the very steps that will help you on your way. Whether you're code-illiterate, lacking in confidence, bombarded with ideas, or simply don't know where to start, this Ebook will provide you with the closest thing to a non-coder blueprint that there is!
