Want to quickly build a list of subscribers who are just hungry to buy from you? Would Trade Just One Medium-Sized Cheese Pizza To Discover 7 Simple, Yet Powerful Ways, To Rake In More Ultra-Responsive Subscribers Anytime You Wish? Youre Only 5 minutes Away From Using Any One Of These 7 Powerful Tips Ill Share With You Which Could Literally Boost Your List Size Right Now... [YOUR NAME] [OPTIONAL PHOTO GOES HERE] From: The desk of [YOUR NAME] Date: Tuesday, 10:12 AM RE: 7 Ways To Building A Massive List You Can Profit From... Dear Marketer, Youve heard it over and over again - The Moneys In The List. Sounds too much like a clich nowadays doesnt it? Youve been bombarded with emails telling you that You need your own list. You know what? Ill hand you a list for FREE. How would you like that? Simply grab a phone directory. Theres your list. Now start making money. Listen, although the phrase The moneys in the list is true - I dont totally agree with it. What you need is your own ultra-responsive list. By that I mean subscribers who cant wait to receive all your emails. Ive been in many businesses before such as MLM opportunities and it came down to this - Its all in the numbers game. A list of 100 responsive subscribers will only generate you 2 sales at a conversion rate of 2. A list of of 1,000 responsive subscribers will generate you 20 sales with the same conversion rate. So How Do You Build Your Own List of 1000, 7000, 10,000 or Even More? Thats where I come in... Many people ask the same questions over and over again. How do I build my list? Why should I build my list? What is the best way to build my list? Heres what happens when you just apply a couple of these List Boosters: (Yes, I get Unstoppable sales emails like these...This is only a portion of that month) And they just keep coming, like spam!... No B.S. Here - Ive Tried Building My List The Hard Way... Yes. I bought and learnt from numerous: ebooks - Ive read some that were even 100+ pages. Reports - Yep, most of them were filled with sales-pitches. Articles - Wasnt very helpful. Home-study Courses - Great information but who has the time to do 30 or so steps? Teleseminars and even Internet marketing seminars! I even tried buying those 100,000 instant list of subscribers pack only to find that most of those subscribers are unresponsive to any of my emails. Yes, I did warmup those fresh subscribers but was wasting a whole lot of my time. Heres the simple truth. The best way to build your list is by simply getting 100 optin

subscribers. Those who've actually requested to receive your information. I could easily give you 30 ways to build your list but no. ...so I've boiled everything I've learnt about list building into just 7 of my best list building strategies. I call it... (Report with MP3 Audio Training version) List Boosters
