Alternatives to Clickbank In a lot of areas of technology, there is a dominant player. We know about how Microsoft pretty much dominates every aspect of PC technology. There are smaller companies that dominate application areas to like Adobe for PDF file or Photoshop for photo editing. And when it comes to the internet and online marketplaces, the dominant power there is no doubt Clickbank. But its good to know what alternatives are out there for comparison purposes. And possibly the biggest real threat to the dominance of Clickbank is a site called PayDotCom. Each of these fine alternatives has things to offer and some drawbacks too. But it is worth knowing what to look for so you can make an intelligent decision. There is just no question that Clickbank dominates the field for good reasons. Clickbank is far and away the largest affiliate marketplace in the world. So by putting your product on Clickbank, you could potentially see it picked up for over 150,000 affiliates if they notice you. That is quite a sales army to cash in on.
