Are you someone who's just starting out with online marketing? Are you trying to take your Internet business to a whole new level? Well, listen up... Starting and growing an Internet business takes more than just commitment, dedication and hard work. There's so many things to consider when it comes to running an Internet business. You have to consider the technical aspects of an Internet business, like: * Web hosting * Domain names * Setting up your website * Designing your website * Copywriting * Building your email list * Generating traffic to your website * Social media * Testing and tracking * Outsourcing * Blogging * Article marketing * Video marketing * Systemizing * Accounting and bookkeeping * Joint-venture partners * Affiliates * Promoting and advertising and so much more... Internet Marketing Can Be Overwhelming It can be overwhelming, especially if you're just starting out. All of these elements are all important, but which ones should you focus on? Knowing the technicalities of running an Internet business will speed up your success, but without the proper mindset, you won't be mentally ready to make this "Internet business" work. So I've done something about it, and I'd like to share it with you. Introducing... '27 Essential Rules of Internet Marketing'
