I just want the money to start flowing my way for a change. * I've been selling on ebay for a while now...but I'm still not making any serious money. Well the good news is, now you can... How would you like to discover exactly what it takes to earn a massive full-time income online and finally kiss your day-job goodbye? Marketing Newbie Proves It's Possible! You see, I was recently lucky enough to interview a fellow Brit, Lee McIntyre, whose doing just that. However I wouldn't be surprised if you've not heard of Lee yet. Quite frankly, his rise up the Internet Marketing ladder has been so rapid, he may have flown under your radar. If you have, then you already know Lee is the real deal. Either way, what you are about to discover could make a dramatic difference to your fortunes. But first, let me tell you about Lee and why you should pay very close attention to what he has to say... In August 2006, Lee began selling products on ebay in the education niche. After a few months struggling to make any significant money, and after much trial and error, he eventually hit upon the winning formula to skyrocket his profits. His breakthrough literally transformed his business overnight. In fact, his strategy worked so well, he was able to undercut his competitors, yet still make tons more money than them. He hasn't looked back since and in 2007 Lee turned his attention away from teaching in the classroom to teaching his own internet marketing students how to implement the exact strategies he uses to earn thousands of dollars every month. Now in this 20 page report, Lee reveals his business strategies and exactly just what it takes to make serious money online. Here's Just A Little Of What You'll Learn ... *

approaching major-league JV partners so they'll be happy to promote your product launch. * The single biggest mistake marketers make when building their lists. * How he got an incredible 90 opt-in on one of his sites. * The 100 free tool he uses to test and track his website traffic. * Why it's so important to brand yourself for maximum exposure and profit. * How to build a quality mailing list that responds to offers. * Why it's essential to build long term relationships with your customers. * How one single element on his landing page made the difference between a 22 and 32 subscriber rate. * Strategies you can use to differentiate yourself in the marketplace. * The importance of taking action if you want to be successful online. * Which parts of his business Lee outsources...and why you need to consider doing the same.
