My name is Ewen Chia and I want to thank you for downloading this special report. Heres why this report was written. Ive often received tremendous amount of emails asking for a proven quick way to make money online, and one of the best ways to start as a complete beginner is through Affiliate Marketing. Heres why: simply by promoting a unique affiliate link given by the merchant, you can start making cash online immediately without your own website and product, in fact its probably the fastest and easiest way to start. But being an affiliate is not enough, the true vital element for long-term success (online or offline) is by building an opt-in list of interested prospects you can keep in regular contact with. If youve heard the phrase, money is in your list, its only half true. The real money is in the relationship youve with your subscribers, no matter how big or small your list is. \_\_\_\_\_ Go to my Tradebit page for more great products on many Internet Marketing topics.
