If ONE Page Made You \$50 - \$500 Every Month, How Many Pages Would You Create... Make \$50 - \$500 PER Month From ONE Article! Then, Continue To Do So As Many Times As You Want... From: Your Name Here Date: 2010 Dear Reader, After spending 15 years on testing and tracking the profit-pulling power of the Internet, I keep coming back to one single strategy that trumps them all, and continues to make me profits on autopilot.... Article Marketing! (In fact, every high-priced traffic course out there, created by a worthy guru, has a section in it dedicated to this strategy.) You have likely heard about - and even tried using - article marketing to generate sales and profits for yourself. Maybe it worked for you, maybe it didn't. But... If you could get one article to bring in \$50 to \$500 per month, every single month, (without doing any additional work after the article has been published)...how many articles would you create? If you could have one of your articles published on over 400 different web sites, in a matter of weeks, so that they all continued to bring in more traffic, subscribers, and sales for you, on complete autopilot... how many more articles would you attempt to do that with? If you're skeptical of these claims, I certainly don't blame you. But, the above results are absolutely attainable. And many marketers are already doing this, with very little work. (You can try it for yourself, without risking a penny.) In my new special report, Article Marketing Power, I show you how it's done... Article Marketing is my favorite traffic strategy because it is quick, easy, free, and it can continue to work for me indefinitely, without my having to do any additional work. (I love strategies that continue to work for me once I've set them up.) Unfortunately, as amazing as this strategy is, it is also one of the most misunderstood and misused strategies out there. Most people who use this strategy (incorrectly) see mediocre or poor results. Contrary to what many people think, article marketing is not about bombarding the Internet with as many articles as you can possibly churn (or spin) out. There's a little more to it than that. When used correctly, each article that you publish can become an ongoing traffic - and profit source, earning you anywhere from \$50 to \$500 (or more) per month. That's per article. Also, as touched on above, some of my articles have been republished on 400+ sites. That's each individual article, on 400+ different sites all bringing traffic and buyers back to my sites without my having to lift a finger. In fact, I couldn't stop this traffic flow if

I wanted to. I wouldn't know how. (Not that I'd ever want to stop it. ;-)) How many of these kinds of articles would you like to create...versus the kind that most people put out? Naturally, if someone were to force me to only choose ONE traffic generating strategy to use, starting today and for the rest of my life, I would choose this one - without even blinking. If you're interested in getting the kinds of results mentioned above, you need to get this short, to-the-point report. In it, I show you why I chose this strategy, and how to use it correctly - to unleash it's maximum traffic and profit-generating power...and have it continue to work for you indefinitely, on autopilot. But...this report isn't just about publishing articles. I also show you a few other interesting strategies to add to your article marketing machine, to make it even more powerful and profitable. It's one of the best ways to leverage your efforts and resources that exists. This is a strategy that even a complete beginner to Online marketing, with little to no experience, can use to start pulling traffic and profits - from virtually any niche! I also share one of the biggest mistakes most people make with article marketing, and why its causing them to leave thousands of dollars on the table, that could have easily been in their pockets. So, if you've been trying various traffic generating strategies, and not quite seeing the kind of results you want (or even if you've tried article marketing, without much success,) you should give this report a shot. Your investment for the report is a mere \$17! (That's \$17 for a lifetime of traffic and profits.) But this price will go up fast, after 50 people have ordered this report.
