software that is useful when you need to transfer a large file or a few files, and have a restriction on the

total size. WinRAR can compress these files in just one file with a smaller overall size, which makes it easy

to send via e-mail or upload to a website. However, if you downloaded a WinRAR file, you will have to

decompress, or extract it, to gain access to the archived files inside. This must be done using the same

software, which can be installed at no charge. Downloading WinRAR 1 Click on the link provided in the
