A fully text-searchable pdf version This manual is designed to provide detailed information necessary to service and repair the TurboHydramatic / Turbine 400 transmission listed on the cover. a) Technical Information and reference b) Disassembly and reassembly of the transmission c) Transmission identification chart d) Auto trans fundamentals The format of the manual is designed to be followed in its entirety if complete disassembly and reassembly of the transmission is necessary. Easy to read exploded views to make easy identification, careful disassembly, accurate adjustment, and correct repairs. All sections are neatly organized in Adobe Acrobat, very clean, sharp images that are scalable to several times normal size. Tons of crystal clear illustrations, specifications, lots of pictures, step-by- step instructions, special tool info etc. This is like the original manual the only difference is this one is not paper, You get it, Zoom it, print it, save it, close it. Print a few pages at a time, as you need; no need to lug that bulky binder around anymore!
