

Copywriting For Beginners

What will you gain from reading my ebook? You will... MASTER the art of copy analysis. My ebook will teach you how to transform your current analytical copy skills (which, for most people, are limited) into sharpened, powerful tools. You will be able to read copy critically, identify writing strategies, and steal them for your own use... MASTER the structure of copy. Right now, you are probably using no structure at all in your copy. My ebook will teach you how to structure your copy to convert more customers and rack in more money. MASTER the use of headlines. Anyone can tell you that you need a good headline, but few can tell you what a good headline is. Is a good headline something that goes by the book or something that is different than anything anyone has seen previously? Read my ebook and you'll find out... MASTER the secrets of copy length. You've heard this battle raging ceaselessly on forums: should I use long copy or short copy? Is either one better? Should the length of the copy reflect the type of product you're selling? These are all important principles to master-and you'll learn them all from my ebook! MASTER the unique selling point. Can you differentiate your product from other products? If not, you need to learn how. Otherwise, as far as your customers know, you're selling the same exact product as your competitor, except he's selling it for half the price. This is yet another fine point my ebook will teach you how to MASTER! MASTER the art of gaining credibility. This probably sounds foolish. Either you have credibility or you don't, right? Right. But the issue here, as with all sales writing, is whether or not you can COMMUNICATE that credibility to your readers. Can you? If not, my ebook can teach you how... I could continue to rant and rave about the benefits you will receive when you purchase my ebook. I could list dozens and dozens of bullets. I could explain to you that purchasing my ebook will give you access to everything you need to know in order to double, triple, or quadruple your conversion rate TONIGHT... But I'm not going to keep selling it. You know whether or not you've mastered the principles of copywriting. If you have, great. If not, you need my ebook. You can order it now, download it instantly, and read it immediately... Copywriting for Beginners is only 43 pages, but it will teach you how to turn your computer into a virtual ATM machine in a matter of hours. Do yourself a favor. Stop wasting traffic. Pick up my ebook today.
