Enough of the tedious work! With our software you can spend your time on more enjoyable things! Just think about it. Which of the following would you rather be doing? Spending time with the kids, going out to eat, watching a good movie or trudging through creating a time-consuming sales page? The answer, I'm sure you'll agree, is obvious. Anything but dragging your feet through sales page hell! Dear Seller, isn't your time booked solid as it is? Wouldn't it be great to free up some time? As a fellow marketer, I know exactly how you feel! Time is of the essence and I use shortcuts as much as possible. Well, here's some good news that you're sure to be tickled about. Kim Enders Sales Page Rapid Fire is a shortcut in itself and it won't jeopardize the quality of your sales pages. On the contrary, this fantastic software will help you shortcut your way to quickly creating professional-quality sales pages without all the HTML and formatting headaches. So, how about it? Are you ready to dump the tedious, time-consuming process of manually creating all of your sales pages? If so, read on! Introducing Sales Page Rapid Fire! As a developer of unique and original eproducts, I needed an easier and quicker way to pump out sales pages for the various products I create each month. Popping out sales pages in some of the more popular HTML editors was still an enormous, heavy monkey on my back. Do you have a similar heavy monkey on your back? It's always best to find out everything you can about a product before buying it. With that in mind, we've included the following frequently asked questions about our software: Question: But there are sales page creators everywhere, right? Answer: Yes, but none of them are as quick and user-friendly as Sales Page Rapid Fire! Question: Aren't most sales page creation programs rather cheesy? Answer: Most are! Sales Page Rapid Fire, on the other hand, is sleek and visually appealing! Question: I've had a lot of problems with software crashing my computer or doing all sorts of other annoying things. What about SP Rapid Fire -- is it also plagued by bugs? Answer: In a word: no. Through our testing, we have found the software to be very stable. Question: Lay it on me, already! How much is Sales Page Rapid Fire going to cost me? Answer: Only \$17 Question: Are you serious?! Answer: Very serious. But I have been thinking about raising the price so make sure to order your copy before I do decide to go ahead and raise the

price! Continue reading and you'll see exactly why Sales Page Rapid Fire is such a great investment! With SP Rapid Fire, you won't burn out so quickly since the software handles just about everything! - No Smarttags Or Bulky HTML! - SP Rapid Fire does not add ten tons of gunk to your html code. For this reason, your sales page size will be smaller and your page will load up quicker than if you used certain popular html editors. - User Guide Included! - Although we consider SP Rapid Fire to be extremely easy to use, we've put together a user guide to help you along and to explain what's what. This,

of course, comes with the software. No offense, but going on without Sales Page Rapid Fire is like the blind walking without an eye-seeing dog! Creating your sales pages manually entails a whole lot of stumbling and wasted time! With SP Rapid Fire faithfully at your side, you can get done in a more timely and peaceful manner!
