"Discover How You - Or Anyone - Can Build The BEST Kind Of Online Gold Mine From Scratch And Reach Out & Get Money Just ONE Email Away!" If You Haven't Been Turning Any Of The Resell Rights Products In Your Hard Drive Into Cash, Here's How You Can Exercise Creative Use In Building Your Very Own Paid Customers List - Even If You Don't Have A List To Begin With! Dear Online Marketing Friend, You've definitely heard that "the money is in the list". But what is the best kind of list you can build? Answer: A paid customers list. Which also means, the best online money is going to be found in your own customer list! The Early Gold Rush Days Vs. Today's Virtual Gold Mines Today, it's absolutely possible to actually build your own "virtual" gold mine from scratch without having to join the early days of the Gold Rush. Just to offer you some ideas to start with, your neighbors or anyone with computer and Internet access can form your gold mine so you can rake in cash over and over and over again. That's right. Today's gold mine is found in your own customers. And customers are really abundant. Anyone who exchanges money is your potential customer. In the case of marketing online, you could be reaching out to customers far beyond your neighborhood, something your average grocery store can't possibly do! Here are even more good reasons to build a paid customers list: They are ready to pay, They have the money to pay, If they like your product or service for the first time, they'll likely return! Unlike publishing a regular newsletter, your customer un-subscription rate can be significantly lower! Customer response rate towards your offer can be greatly increased by 15-20, maybe more! The result: repeat customers = repeat sales! Every time you have a new product to launch and sell, you don't have to really look anywhere further than your own 'paid customers gold mine'. That's really worth building your business on! Sounds Good, But... Are you having some major trouble with any or all of the following: You don't know how to build your own list, let alone a customers list. You have accumulated a lot of Resell Rights products but aren't using them at all. You have created a product but you're clueless about getting customers from it. (Note: Please tick any of the above that apply to you) If you really did tick any one of the above boxes, then you're in for a treat. :-)
