

1.8gb PLR Mega Pack - Ebooks, Articles, Graphics! ++articles

[DOWNLOAD HERE](#)

This is 1.8GB Full of profitable eBooks. Read the books, articles, or use graphics for yourself, or make a ton of money off of these packages of which most include a prebuilt website which will save you time and money. If you're unfamiliar of PLR, or private label rights, PLR products can literally be treated as if you created it yourself. You can put your name on it as the author. You can sell resell rights and master resell rights to the product. The only thing you cannot do is claim copyright to the product even though you can claim authorship. Another difference with PLR products is that you can change and edit them. You can add comments, rewrite parts, even rewrite the whole thing. You can change formats, for example you can convert an ebook into an audio product by reading it into a recorder. Once you change the product significantly, it in essence becomes a new product and now you can claim copyright to the new changed product. This pack includes over 140 archives(zips) of products which are ready to sell and make you money. The 140 archives have HUGE sets of PLR Articles which I can't say that I haven't found a niche they haven't covered; there are thousands upon thousands of niche articles supplied with this package. Isn't the \$6.95 investment a little cheap for what you're getting? There isn't any other place where you can get this many products for such a low price. Heck, a lot of the PLR products in this package sell for \$6.95 or MORE on TradeBit, and that's just a SINGLE product. Know exactly what you're getting!
