"I Want To Show You Exactly How You Can Quickly & Easily Start Your Own Paid Membership Site, So You Can Start Profiting With Your Very Own Online Business Within Just A Few Weeks From Right Now!" I'll Take You Step-By-Step Through The Process Of Creating Your Own Powerful Paid Membership Site! ....And Help You Get It Up And Running Quickly! If you want to learn how to create a highly profitable, income-generating business with minimum start-up costs, this guide will teach you how. I don't leave anything to chance; instead, in this ebook, I teach you from the ground up, each step of the way, how to create an income stream from membership sites that will provide profits for years. In this course you'll learn such things as: How to build a successful membership site, including features, layout, and fonts-without spending outrageous web development fees. The top categories for paid membership sites. You'll learn which ones are 'hot' and why (including the top three, that accounted for 62 of ALL paid content revenues last year). Marketing trends: Learn what the potential income is, and most importantly, WHERE it's coming from. Success stories from top paid membership sites. You'll hear the details of those who have succeeded, and learn what makes them work (and how you can use their ideas legitimately on your own site!) How to create a business plan and model that really works. How to get feedback, and update your site to increase sales. How to successfully promote your site. You'll learn secrets that normally take thousands of dollars and years to learn and with these proven methods, your site will take off overnight! And much, much more. This Guide Is Filled With Practical Advice That You Can Use Every Day In Running Your Membership Site! ...And Includes A Complete Discussion Of: How to create a "mentor" site: one of the fastest growing arenas for paid membership sites are those that offer specialized expertise and knowledge. We'll teach you how to take what YOU know, and turn it into a successful site where you share your enthusiasm or knowledge of a topic. Five rules of site architecture that you MUST know: we'll show you how the flow of your site, your links, and its interactivity, if done well, can cause your site to take off. If you don't follow these rules, though, it will sit there and do nothing! This is information that you can't afford to miss, and has been responsible for my own successful sites. The secret of creating ads that get response: we'll help you learn how to write ads that get noticed-and where to place

them for the best response (it isn't where you might think). And we'll teach you how to create mail lists that people subscribe to-and pass along to their friends. How to take credit card billing and protect your customers. Internet security is important today, and you need to know how to provide this to your clients, or they will walk. We teach you how to do this, and how to take payment-and pay others-securely and confidentially online. We'll also let you know which companies are trustworthy, and who will take care of billing for you, for just a small fee. How to promote yourself offline: we'll show you how not only online promotion, but what you do offline can help your site keep growing and showing healthy profits. You'll Learn From Other's Success Stories, And Get Ideas From Those Who Have Created Highly Successful Membership Sites! The best teacher is the person who has succeeded, and those who follow can learn from their brilliant successes (and their failures, by learning what to avoid). I analyze highly successful paid membership sites, and discuss in my book what they did right-so you can learn, too. I'll even teach you how to copy their success-legitimately! You'll learn what to do, how to do it, and why, using the same principles that bring in other sites thousands of dollars each month. This is just the beginning of the valuable information that I'll share with you in this information-packed ebook. If you order today, you'll receive an ebook that literally gives you thousands of dollars of advice-for the cost of two gas fill-ups! Think of buying this ebook as fueling your own success, and helping your income to start taking off. The advice on web development and marketing alone will save you hundreds (if not thousands) of dollars. It's hard to believe that I'm offering you this much information, gathered from my own experience as well as learning from others, for the low price of only \$47.97. That's right! This gives you access to this invaluable advice that teaches you how to create a successful paid membership site. All you have to do is follow the steps that I share with you-and start earning income from your own paid membership site.
