I wont deny that there are a ton of books out there on the elements of Violin Mastery. Unfortunately the problem with most books on the subject is that they are either filled with plenty of promises and no solid techniques and strategies to back up those promises or they contain only one or two pieces of useful information and not a comprehensive look at everything you need to know to succeed. Violin Mastery breaks the mold of all the other books you have heard and read about. It presents solid, proven steps to help you learn how to play the violin beautifully. Right now youre probably thinking, Yeah, right. Theres a ton of violin books out there. What makes you and your book so different? I wont deny for a minute that there are some good violin books out there-after all Ive read most of them, if not all of them. The difference, however; is that my book blows all the others out of the water because it doesnt just focus on one area of the game.
