Learn The Secrets That Earned Me \$20,581.92 From ONE Affiliate Promotion Of A Seventy-Seven Dollar Product! The competition in affiliate marketing today is fierce. Hundreds of thousands of affiliates are competing to out-sell each other for the same products. To set yourself apart, you have to learn how to prepare your target audience so that they JUST HAVE to buy whatever it is you are offering. Using the methods outlined in my latest report, Preselling Secrets, you can repeat the process I used to earn \$20,581.92 from just one affiliate promotion. Dear Friend, Look. I am not going to spend a lot of time going on and on about this. Youve seen the proof above. I know how to succeed in a big way at promoting other peoples products as an affiliate. The truth is that being a super affiliate is a simple matter of preparing your audience for what you are wanting them to buy. This process is known as preselling the audience. A little up-front legwork will pay off handsomely, as evidenced by the example promotion above (and thats only one of my many very successful affiliate promotions). The problem with most affiliates efforts is that they do one of three things: 1. Simply send people directly through their affiliate link from their web site or via pay-per-click traffic (like AdWords) without introducing the product personally. BAD IDEA! 2. Bombard their email list with promotion after promotion after (*sigh*) promotion... REALLY BAD IDEA! 3. Send people a single email pitching the product, and never mention it again. There is a better way. Now, you can have SOME success using those methods, and thats why affiliates keep using them. But I am going to show why you are missing out on MOST of your earnings by doing #1, why you should NEVER do #2, and the RIGHT way to do #3! In fact, I am going to show you my step-by-step formula for achieving stellar affiliate profits! Here are the five VITAL topics I cover with you in the report: * Preselling Is About Building Trust * Preselling By Not Selling Anything At All! * The One-Shot Presell * Blueprint of a Successful Full-Scale Promotion * Preselling Checklist By the time you are done reading this no fluff, to-the-point report, you will have the knowledge you need to really crank up your earnings for just about any affiliate promotion you engage in. If you are serious about your online marketing business in 2008, you will get this report right now and read it today. Can you guess what it will cost you to get this incredible money making information, information that can blast your profits through the roof? Only \$0.99!
