"How Can A Minimum-Wage Paid Success Seeker Transform Into The Owner Of A Six-Figure Business...
...With As Little As A Phone And A \$20 Internet Connection?" Buckle Up... You're Seconds Away From
Being Spoon-Fed Tons Of Valuable, Earth-Shattering Virtual Corporation Secrets! If you're anything like
me you want answers. Real, no fluff, no filler no BS answers. Grant me the simple favor of reading this
message and you will leave this website knowing a lot more than you ever imagined! Dear Friend, I'm
assuming you already know that more and more businesses are adapting to technology and converting to
online selling methods, right? Today, no company is successful without understanding that going virtual is
vital in creating a dynamic, profitable venture. But Wait, Let Me Ask You This... How is it possible... that
someone who worked in a factory with the reading ability of a 12 year old... can kick total butt in business
and embarrass a hoard of guru's by making a six, even seven-figure track record - without even having a
company building? How is it possible... that "wannabe" successful entrepreneurs are using shoestring
budgets to transform their small, one-man home businesses into internet company's that carry the feel of
respect, authority and trust -- and the profits to match? Sounds too good to be true? You bet! But the fact
is... it's totally possible. We both know appearances and first-impressions are the most important aspects
of your sales pitch... you can't afford to screw up! But don't worry... I'm not going to let that happen.
You're going to learn which exact mistakes you should avoid making... and the secrets to turn your
business into a unique irresistible sales proposal that gets noticed and makes you money... big money!
Yes! You heard me right. What's more... with the technological advances and the millions of hungry
customers reachable with the click of a mouse... it is totally and easily possible to run a company that
exists almost entirely in cyberspace! I don't need to give you a list of the self-made internet millionaires,
do I? Nope, didn't think so. So admitting that you already know it is possible... don't you want to find out...
Just How On Earth Do They Do It? If You're Interested, Stay Right There... I'll Show You A Sneak-Peek
Of Exactly How In Just A Moment But hang on a moment, I may be talking to totally the wrong person. I
may be talking to the kind of person who likes doing a lot more than they need to... who likes doing
everything the long winded way... and who likes throwing juicy profits away. If that's the kind of person I'm

talking to, you don't need this... But if you're smart enough to realize you really need to know these earth-shattering tips and tricks... and there's no doubt about that - then brace yourself for I am going to tell you what you are about to learn... * The Wave of the Future: Why Go Virtual? * Home Office 101: How to Set Up Your Base of Operations. * Creating the Illusion: How to Give Your Small Business a Big Presence! * Legal Mumbo Jumbo: Everything You Need to Know About Online Taxes. * How to Streamline Your Virtual Corporation for Maximum Profits ...and so much more! Everything you will ever need to know is jam-packed into this ultimate eBook. Tips, tricks, methods, strategies and secrets. The pro's already know all this stuff and are making big profits from it. Are you? Maybe. Probably not as much as they are... but you soon can. This is the only missing ingredient that separates you from the pro's... that's the only link. You don't need to be a computer genius, you don't even need to have a degree in business studies because... It's SO Easy To Pick Up This Valuable Information And Put It To Your Use... ...It's so easy My 12 Old Son Could Do It! Why? Because this amazing new eBook will take you by the hand, every step of the way through simple and easy step-by-step instructions telling you exactly how to take advantage of the many benefits of running a business online... and how to unlock your treasure chest of profits by expanding your target audience to capture the biggest, most profitable markets. It really doesn't matter if you're a beginner. It doesn't matter if you already have a business selling products... or if you sell someone else's. Everything you need for success is in this book. This book is essential to propel your profits and streamline your marketing efforts. Without this, you may as well give up now. Yes, unfortunately that's how serious this matter is. Ask yourself this question... What's The Difference Between The People That Have This, And The People That Don't? A hell of a lot of profits... of course! Could you have guessed? Are you going to let them keep the success to themselves? Or are you going to act right now, experience the success for yourself... then decide if you want to share it with anyone? Hold On For A Minute... Despite How Eager You Probably Are To Get This, Let Me Go Into More Detail About What You'll Learn! Skip the expensive learning curve... start out with a bang! Believe it or not... preparation is the key to any successful business. The first section teaches you exactly how to prepare your company and your mindset. Success guaranteed... you'll be told about the internet black-holes so you avoid common pitfalls that send most businesses plunging to failure, within three years of starting. You really need to know this. You don't want to be in the "Hall Of Shame" do you? No! I was thinking the exact same answer... that's why with my help you'll learn: * What It Takes To Create A Virtual

Corporation: A great idea for a product or service is one thing, but the skills to succeed in a virtual business are another... and they're in this eBook! There's even an evaluation quiz to see if you are "VC Material!" But don't worry, if you are not you can always return this eBook for a prompt refund. No hard feelings. It's totally risk-free. However I must warn you, when you get this in a minute... you'll be reading it within minutes, and nothing will be able to separate you from it. This section also covers goal setting, self-contracts, and why you can create a phenomenal virtual corporation, no matter what industry you choose to work in! * Home Office 101: One of the beauties of a virtual corporation is the ability to work right from your home. No more driving to and from work, no more punching a clock, no more corporate schmoozing! The freedom of a virtual corporation is limitless as long as you're willing to work at it. Find out what equipment you need for your home office, right down to computer specs and the best type of desk and chair. You'll find special sections on home office feng shui, marking your territory and your time so your well-intentioned but interruptive family and friends don't barge in unexpectedly. You will find a section on what insurance you'll need and what you don't need to protect yourself and your business. If you've ever visualized yourself working from the comfort of your own home, this book will tell you how to do just that! * Creating The Illusion (The Million Dollar Illusion) Your business will need a huge web presence... and that's covered as well! I'll reveal the secrets every successful company and pro has in their arsenal to create the illusion of a big time company... for a fraction of the cost. No more will you ever need a "Pepsi-sized budget" to make your business look the part. You'll learn how to create departments, and adjust your web copy to disguise the fact that you're running the show alone. Not only that, but also how to run your phone system properly, how to accept credit cards on your web site, and many more tricks to boost your business to professional levels... profitable levels. * The Skinny On Expansion Even more "must know" tips and tricks on creating a big-time business. This section points out the little discrepancies most small businesses ignore... and ensures that your illusion is seamless and convincing. After all, if you're only convincing yourself and not your visitors... then you've already failed. But we don't want that, do we? That's why I'll teach you how to create a company logo, write flawless official policies, and project the appearance of a pro... not to mention earning the repeat business that will transform your company into a powerhouse of solid profits. # Help Wanted Help wanted. Even if you don't have any employees at all, you can make it seem like there are dozens, or even hundreds, of people working for you. And when you find you do need extra help, there are economical ways to get it. Building a Virtual Corporation reveals how to

select personnel, navigate the potential minefield of contractors and freelancers, find the help you need when you need it at an affordable price, and transform a scattered labor pool into a finely tuned machine. You'll learn: How to write a job advertisement that draws top talent Where to look on the net for the best employees and freelancers How to handle payroll in a virtual environment, and much more! * Everything About Websites Your website is your business. You'll uncover extensive information on creating and maintaining a website that will get noticed and stand out from the crowd. Do you know what to look for in a web host company? How about what you should name your domain? Have you ever written web copy that reels in visitors, grabs them by the hand and swings them through the order form after just three clicks. If You have always wanted to be able to quit your day job and break into the Internet Marketing world "Building A Virtual Corporation" is a great way to do it! Grab this incredible e-book now! Learn this vital info and I wouldn't be surprised if you're able to do that... today: * What The Heck A Blog Is, And Why You Need One! * Why You're Leaving Money On The Table If You Don't Use An Autoresponder * How To Create A Buzz For Your Online Business That Spans All Of Cyberspace * What Should Never Appear On Your Home Page But I'm even amazed myself because this book really is the total package. Who would have thought you'll be discovering these important-to-know tips that you don't just pick up on your own. With my help I'll even tell you about: * Time management for the self-starting entrepreneur * Child care tips for work-at-home parents * Conquering isolation in a virtual office setting * The best resources on the net for business owners and virtual corporations * And so much more! As you'll soon notice how good it feels. Working for yourself is one of the most rewarding things you can do. You have the control to keep 100 of the profits and the freedom to set your own work hours. But, and here comes the big "but"... ...It's also the most challenging because if you make a mistake... you are responsible for 100 of the losses. Remember what I said about most businesses failing within 3 years? That's why, unless you want to spend thousands of dollars on business consultants and throw money in the pot on techniques that just don't work... then you need to pick up your exclusive copy of "Building a Virtual Corporation!" Wouldn't that be the wiser choice? Don't wait for your business to fail. You need this right now, and you know that. Now, start building your Virtual Corporation today by ordering below. Tags: a
