

Vintage Aeolian Harp Plans

[DOWNLOAD HERE](#)

Vintage 2 page plans reprints to build the aeolian harp. Almost unknown today, the aeolian harp works on a principle that was familiar as far back as biblical times. It is reported that King David liked to hang his harp over his bed when retiring, so he'd be lulled to sleep by the sound produced as the night breezes played over the strings to set up varying patterns of vibration. Very easy plans. Produce your own family heirloom. Plans are digitally restored and super-enlarged, superior to the original plans. PDF format.
