Let's get right down to what Ad Tracking Pro has to offer! The Statistics Helm (With Campaign Control Technology!) The Statistics Helm is specifically tailored to help make marketing your business an easy game. Add a simple JavaScript to any or all of your web pages and you instantly empower yourself with the ability to track anything and everything that comes your way! It tracks unique visitors, total visitors, referring URLs, time and date (down to the second), search engines keywords, you name it! Not only that, but with it's Campaign Control Technology, you can create ad campaigns to use without having to use a 3rd party URL. For instance, add a little code to the end of your URL like: `yoursite.com/yourpage.html?tid=ad` and you can track unlimited ad campaigns without the hassles of using another domain name. Simple, brilliant and very effective! The Ad Amplifier Need to track visitors going to external links like affiliate programs, joint ventures, etc..? Use your ad campaign trackers with OUR URL instead of yours like above. Just tack your tracker ID to the end of our specialized URL, and now you can track external links. It looks like this: `trackerzap.com/member/link.php?tid=ID` These trackers are designed to make it completely hands free for you. It will automatically create your web site's marketing numbers for you. Spitting out such statistics as: Unique visitors, total visitors, visitors to sales ratios, cost per click, cost per sale, referring URLs, time and date of each visitor, and more... With this, you can stop wasting time and money on ineffective marketing campaigns and start utilizing the power of the numbers came to your advantage! The Action Gauge Did I

forget? This system also tracks web site sales and actions performed by your visitors! Need to know which ads are also producing sales? No problem! Need to know which marketing campaigns are producing ezine subscribers? No problem! The Action Gauge is fully integrated with the statistics program giving you a full grasp at what is going on with your web site. Never miss or guess again! The Scientific Split-Tester When using the Ad Amplifier, you will have the ability to "split" the traffic that goes through your tracking URL to two different web sites. Why is this important? Imagine the power that you will have if you could perform scientifically accurate marketing tests with ease to see what works and what doesn't. Once you find out what works, drop the losers and explode your income! This is what separates the 6 and 7 figure earners from the penny pinchers. Testing is by far the easiest way to constantly produce more cash, day after day, then you ever thought possible. Do it the easy way with Ad Tracking Pro! Forget About Wasting Time, Losing Money, And Running An Unprofitable Business! You have seen what Ad Tracking Pro can do for you. A fully integrated, unparalleled set of "mission critical" marketing tools to help you outperform and outmaneuver anybody who dares to call you their competitor. But now let me give you a real life case study about how using this system has enormously, yet easily (I feel guilty because it was so easy) boosted my business. Before I started tracking my visitors and testing different ideas, I was stuck in a rut. No matter what I did, I could not get out of a certain income bracket. I was stuck on that squeaky wheel, going round and round in circles looking for that brass ring. I launched new products, promoted more affiliate programs, it didn't matter, my income never really increased. Then I got it together, implemented the principles and technology of Ad Tracking Pro, began tested and was amazed. All that time I wasted trying to make more money and all I had to do was begin tracking and seeing what really goes on at my web site. I found out which ads were producing, which sales letters were actually making the sales, where to spend my money for more customers, where not to spend money and so on.. It was the breakthrough that I had been blinded from and one that I had been desperately in search of. Now, my income increases every month, while I work less! Amazing!! I am positive that you too will have the same experience.. With Ad Tracking Pro at your fingertips, you will be able to: Easily track, measure, and analyze all traffic and sales with the click of a button. Scientifically test sales letters to immediately increase conversion ratios and boost cashflow. Save time and money by making your marketing campaigns twice as effective instantly after implementing Ad Tracking Pro . Eliminate all guess work! Simplify your advertising efforts and know from the start which ads are working

and which aren't by using our Campaign Control Technology! Plug it in to any web site that you own and anything you promote to track and measure every marketing campaign that you are involved in. No scripts to install! Automate all aspects of your "marketing numbers" and save massive amounts of profit time. Let Ad Tracking Pro do the grunt work for you! This system is fully integrated, incredibly user friendly and has real useable features that you won't find anywhere else. Tags: ad, seo, plr, pro
