" Offline Insider - Get Paid To Help Business Succeed! " Did you know that you can generate a 6-figure income just by helping online businesses develop an online presence? It's true, not only is this opportunity extremely lucrative but there is VERY little competition to ever worry about! Imagine this for a moment: You contact a handful of local companies who could benefit by having an online website. These companies know nothing about the Internet much less online marketing or advertising but they DO respond to the idea of maximizing their income and opening up their doors to fresh, new business. So you quickly negotiate a deal where you are paid a few thousand dollars for setting up their website and getting them online. YOU take this project, push it out to seasoned freelancers, sit back and collect the payment while not ever having to do a single thing but make the deal! If you don't know how to do any of the actual work - you don't have to! You just get paid for "brokering" the deal and hiring it out to professional developers, marketers and freelancers! This isn't some pipe dream or fantasy - it's a real life scenario that takes place all around you every single day. Savvy marketers and online entrepreneurs know that every offline business can benefit from taking things to the next level - exposing their business to a global audience of buyers. Once they present this opportunity to local businesses, they go into an absolute FRENZY anxious to hire anyone who is willing to help them. And this is where YOU come in. These are the REAL strategies we're using to drive in MASSIVE profits every week! Now, let's make one thing absolutely clear because if you are anything like me, you absolutely suck at selling. You hate making cold calls, you couldn't ever imagine a job in telemarketing and you have absolutely no desire to become a greasy salesman, peddling your services to people who don't want them. But here's where this opportunity is VERY different from any other kind of cash generating program that you will EVER find. You DON'T have to sell to anyone! You simply present them with an opportunity to expand (and explode) their business and THEY will sell themselves as clients to YOU! Within my first week of offline marketing, I generated over \$5,780.00 from a SINGLE deal! AND by implementing a few smoking hot strategies that I will show YOU how to replicate, I generated another instant \$2,400.00 payday from a single client! PLUS, there are ways to generate a FULL TIME income on a recurring basis just by contacting a handful

of local businesses and offering them this irresistible offer! It's never been more profitable OR easy to build an absolute EMPIRE online with a no-entry barrier, NO competition and NO start up costs ever involved! YOU are paid before you ever take another step! Once it became public news that I was building such a successful off & online business, people flocked to me eager to discover my secrets, to pick my brain. They all wanted to know ONE thing ; how THEY could make the same kind of money that I was. And so this is what I created for them, and for you to be able to start making money QUICKLY with these proven offline cash generating techniques! Introducing.....
