Visit [plr.li](http://plr.li) for more high quality products with private label rights P.P.S. How to use the .diz files? .diz files are just regular text files, you can open in your favorite text editor. The extension .diz is used to enable you to put the whole product as-is in a blog tool. This way you do not need to fear, that these lists/descriptions (a.k.a. not-personal Finance-content) are published on your site. The blogging tool should only process .txt-files. Therefore .txt is used only for publishable personal Finance content, but not for internal information. It is just used to make your life easier. Buy 25 personal Finance PLR articles, #11 now!
