

ScreenCam Software

[DOWNLOAD HERE](#)

"Finally! Now YOU Can Enjoy The Amazing Benefits of CAMTASIA Without Having To Spend \$300!" I'm sure you've probably heard many of the internet marketing "gurus" recommend a piece of software called Camtasia by TechSmith Corporation. Camtasia lets you to make a video of your computer screen with you talking as the audio. Many successful internet marketers use Camtasia extensively - for example, to demonstrate a service or product that they are marketing. As you already know, videos are extremely POWERFUL on the internet. They allow you to "rise above the noise" of words and emails and allow you to be more personal with your visitors or subscribers! Ultra successful marketers like John Reese and Frank Kern (as well as many others) have personally accredited this tool to making them THOUSANDS of dollars. They tell you, "If you don't have it, go buy it NOW." But There's A problem? Well, it's a bit expensive at \$300. Even so, there are still lots of people buying it at that price ... But you don't need to pay \$300. Ultra successful marketers like John Reese and Frank Kern (as well as many others) have personally accredited this tool to making them THOUSANDS of dollars. So now you are probably wondering: Why doesn't everybody download ScreenCam Software Instead of paying \$300 for Camtasia? ScreenCam Software would be fine for most users, except that there are two MAJOR FLAWS with the older ScreenCam Software program... 1. Output Flash videos DON'T WORK in Firefox or Netscape. This is a HUGE problem for internet marketers, who don't want to frustrate users or prevent users from watching their "videoized" sales letters! Considering just Firefox has had over 200 million downloads, you don't want this happening to your viewers! 2. There's no "redirect to URL" after playing option for your output Flash videos. John Reese says he was the first internet marketer to use this awesome feature in (the \$300) Camtasia. This feature will redirect the viewer of the video to the URL of your choice when the movie ends. So you can make a video demonstrating a product or service and redirect your viewer immediately to the URL to buy! (This greatly increases conversion rates). But the old ScreenCam Software doesn't have this option. Well now those two problems have been fixed. With ScreenCam Software Internet Marketers Version, Output Videos Can Now Be Viewed In Firefox or Internet Explorer & Can Be Redirected To A Custom URL Upon The End Of The Clip!
