INTRODUCTION: First of all, we must forget everything we've ever thought about how complicated playing music is. I compare it to math anxiety. Many people fear music and think that it takes a genius to be a good musician. To be a master it might take a genius, but to play songs on the guitar, sound good and have a great time is only a lesson or two away! I have been playing and teaching music professionally for many years and was a child piano prodigy myself. I play and teach: piano, guitar, bass, flute and drums. I have taught many friends and family members how to get started playing songs on the guitar practically overnight. When you are dedicated enough and passionate about learning the guitar, it comes a lot easier than you may think. My fiancée is also excelling at the guitar and the bass guitar since I've shown her a few methods and tricks. I hope this gives you the kick start you need to get started rockin' and rollin'! Enjoy.
