INTRO: Resale rights products are VERY popular right now. The reason is, for a very small fee you can purchase the full resale rights to a product, sell it as your own, and keep 100 of the revenue. Many resale rights products come with read-made web-sites, which is another attractive feature, especially for beginners. But there is an inherent problem with resale rights products. ANYONE can plop down \$50 for "xyz" product (often times it's an ebook or software product) and become your direct competitor. This is the same drawback that you'll encounter with promoting affiliate programs. Now don't get me wrong. That does NOT mean you can't make good money off of resale rights products. Your success will depend on how well you've differentiated yourself from the crowd. The "meat" of this special report consists of 7 sure ways you can set yourself apart from your competitors and succeed with resale rights products!... Tags: mrr,
