Lock and load, this is the toughest collection of hip hop loops, beats, breaks, samples and construction kits on the block! These heavy-duty loops and instrumental scores have been precision-made and expertly tailored in a high-grade beat factory, ensuring your invincibility on the streets. To get the party bouncing, grab this varied selection of 20 loopkits, broken down into individual instruments and beats, and carefully categorized by tempo from 87 to 100bpm. Keeping that lowdown flava, these beats are all in minor keys, and each one has added swagger and swing to ensure non-stop grinding on the dancefloor. Styles range from heavy crunking to sweet symphonic, for the playa who likes to flex a little class in the studio. As always, you can download any format from WAV to Akai, or ready formatted for software like Reason, FL Studio and Logic, pristine and clean for immediate and easy use. All these beats have been constructed using the highest level professional equipment, by experienced instrumentalists who know how to add a unique twist to each groove. After production, all our loops are quality-checked, compressed to commercial release standards, and cut so you don't have to worry about problems in the mix. And unlike many samples available to download, this product is 100 royalty-free, so you can use them wherever and however you like, without any legal problems whatsoever. These loopkits can be combined and mixed endlessly, giving you six million ways to destroy your rivals and rule the decks. Skits like "Rocker", "Downlow", "Bounce" and "Swagger" are waiting for you to discover their possibilities, so call an MC over and get rhyming. If you like to roll with sounds from masters like Dre, Wu-Tang and Timbaland, you need to take your ideas to the streets with proper backup... so get Bulletproof Hip Hop Grooves in your trunk!
