My style is as lyrical and deep as 2Pac but straight realistic like OutKast. Real Rap coming out of Hot Atlanta. 15 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hip Hop Details: Te rell Bio Hip Hop has been a part of Terell life for fifteen years. Its the way he lives; its the way he talks. The way he raps makes him one of the last rappers coming from the southwest Atlanta area like many others rappers before him; k-low, shy D, Outkast, Samy Sam and T.I. Originally he started writing poetry at the age of ten. He got his first taste of hip-hop, when he heard the group Salt n Pepa song Ill take your man. At the age of 15 while attending Brown High he starting writing raps, while his sister Cassandra Terrell introduced him to rap battles. While living in Perry homes for five years he had to hustle and continued to rap on the streets. At the age of 20 he attended Georgia State University for two years then the Atlanta Art Institute for another two years. While attending school he was also in the studio with a group called Xplicit and releases his first demo Pimps and Money. The group later changes their name to Circol 2 and some members departed. After the group successfully does shows around the ATL for two years the group eventually breaks up. Terell four the last four years has been in the studio working on his first solo album and producing for other artist. This will be a personal triumph for Terell being his first solo album and he knows he has his work cut out for him. Tags: hip hop/rap: hip hop
