Produced by Maurizio "Bozorius" Bozzi for Drycastle records. Steve Hackett quotes about Marco's CDs...

"...Brilliant CD played fantastically! It was wonderful to feel the power of the organ combined with your complete commitment to the instrument and the music of all the composers. It was a sensational

experience to hear music that started out as little doodles on the guitar being given such a extraordinary treatment. I'm a big fan of the sound of the organ which is a complete world in itself, especially in

dedicated hands." "...a marvellous musician!" "...'Meditation On Horizons' is very interesting, particularly as you had changed the harmonies to good effect. You've made a lot of a track that was only one minute

thirty seconds long originally." Marco Lo Muscio was born in Rome on October 23 1971. He graduated in Piano with full honours (Cum Laude) at "L. Refice" academy of music guided by Maestro Tonino
