TECH HOUSE TIP TRIXXX features 24-Bit tech house loops and tech house samples in ACIDized Wav, Apple Loops, REX2 and MIDI file formats plus bonus patches for EXS. If you need serious fuel for your tech house, minimal house, deep tech and minimal techno productions, then look no further! TECH HOUSE TIP TRIXXX is the follow up to our hugely popular Electro Tip Trixxx Sample Pack. It was created exclusively by Eddy Beneteau (a.k.a. White Papoo). Most of the loops are at 125 BPM and the pack includes ACIDized WAV, Apple Loops, and REX files plus patches for Logic Pro's EXS sampler. Finally, we have included 282 MIDI files featuring the synth, basslines and drums from the pack. MIDI FILES: No less than 282 MIDI files have been provided for the melodic riffs (leads and basslines) and drums. Therefore, if you want to put these melodies through your own synthesizers or plugins, then no problem, simply import the MIDI file into your sequencer then select your own synth, plugin or drum machine as the output.
