Details: This albums features a collection of orchestrated horror songs, each creating an individual theme for a haunted attraction display during the Halloween season. Music scenes include a cemetery, dark forest, laboratory, dungeon and haunted house. The music is all original, and written, performed and produced to match the quality and effectiveness of a horror movie soundtrack. Porch-light haunters will appreciate the eerie musical bed with carefully mixed sounds effects, designed to add drama and realism to a Halloween staging--especially when the speakers are strategically placed in separate parts of the scene. From the album: Dead Fred assembled his best tracks of sonic darkness, created to satisfy the nocturnal creature in you. He chopped them into 2 grisly groups: 6 dark songs destined to shadow you with Gothic mood, followed by 5 tracks of intense sounds and effects set to a chilling musical backdrop. Prepare to awaken your haunting demons.
