

Flash Retriever

[DOWNLOAD HERE](#)

Flash Retriever now has support for raw image formats. These images are not as easy to use as JPEG, but they have fewer compression artifacts and are of generally higher quality. Many of the recovery programs available on the Internet do not support these 'raw' image file formats. If you have lost precious pictures or irreplaceable files on any type of flash media, Flash Retriever can recover them in a few quick and easy steps. Flash Retriever specifications: Download Size: 570 KB Other System Requirements: Requires Windows 2000 or Windows XP Flash Retriever support Support email: support@infinadyne.com Phone: 480-963-2390 Flash Retriever manufacturer InfinaDyne 600 W Ray Road Suite D-185225 Chandler infinadyne.com Tags: undelete, JPEG
