Tired of Slaving Away From 9-5? Laid off? Need Extra Cash? Medical Bills? Is the Recession Raining On Your Parade? Why not start your own website? Start Your Very own Online Internet Marketing Business In Less Than One Month! These strategies for setting up an internet marketing business quickly will have you up and running your own virtual money making machine faster than any bank could ever foreclose on your house. In fact, you might find it embarrassing that you have so much extra cash while your friends and colleagues still struggle to make ends meet! Are you - \* Sick of working nine to five? \* Laid off? \* Bored with your current career path? \* Tired of commuting to work? \* A swamped student who needs more time to study? \* A desperate single mother? \* Saddled with a large debt? \* Daunted by large medical bills? \* Disabled? \* In need money for your own or your kids education? \* Trying to recover from stock market crashes? \* Wanting to spend more time with loved ones? \* Sick of being tricked by money making scams? Want to start living the life that you always dreamed of - STARTING RIGHT NOW? Then you just clicked on the right web page. In my ebook you will learn - \* How to understand the different types of internet business and quickly decide which one is for you. \* \* How to immediately begin an internet marketing business that is recession proof and thrives. \* \* How to start a business immediately without having to put any money down for advertizing. \* \* How to find a product or service that people want or need, so that your business transcends dire economic predictions about bankruptcy \* How to build a website to promote your business, without spending way too much money You will also benefit from following the user friendly step by step guidelines in this book that are based on one simple business model. If you follow this business model that was developed by me you will start earning money very quickly! The business model that I have invented is self-sustaining, and improves with effort. The more marketing effort you invest in this one business model the better off you will be. Even better, the business model that I have invented for you is absolutely fool proof. You can build a business empire using it that can viably and realistically ring in thousands of dollars a month using very little start up capital. The Information in the eBook is simple, contemporary and focuses you like a laser beam solely on those techniques that will work to make you money. In One Month To Your Own Online Business I teach you: \*

How to set up a business that supplies information to people. \* How to get people to pay for information. \* How to identify a genuine consumer need (such as relief for chronic back pain) and completely exploit it. \* How to market things by presenting a problem and then providing a solution. \* How to avoid creating a product that there is absolutely no demand for by doing some preliminary market research thoroughly and properly! \* How to use the number 1 question and answer website on the net to do your market research, and then use this information to create information products. \* How to use another great site to determine peoples questions and goals in life and what they really want. \* How to use Myspace and similar social networking sites to determine the kind of information that people are interested in... \* How to decipher the Yahoo! Directory and mine it an inch wide and a mile deep to find the information you need. \* How to create a profitable market niche by determining whether there is money to be made by using Google Adsense. \* Where to find the number one free keyword research tool on the web. \* How to use Clickbank to source a suitable product to sell so that you are not selling an item that is already being sold to death by someone else. \* How to make money writing lenses and publishing them on a mini-site for Squidoo. \* How to submit articles effectively to top article directors such as Ezine articles. \* How to send targeted visitors to your web pages using paid advertising. \* How to send targeted visitors to your web pages without putting a cent down. \* How to use forums (places where like minded visitors meet to discuss common topics of interest) to find a needed niche. \* Why becoming a member of a forum is the best thing that you can do to find new customers and have them develop faith in what you have to sell. \* How to use social sites like facebook and myspace to create traffic and links. \* The name of the program online that can help you submit your site details to 27 of the major social bookmarking sites at once. \* How to promote your business on the internet by using a video. \* Where to find a free video animation program that allows you to create your own video within seconds, and also embeds it automatically into the social networking sites like facebook and myspace. \* How to shoot and edit a video using a videocam using an effective online program. \* The best program for uploading your video to the leading networking sites including YouTube, Google Video, Yahoo Video and others. \* How you can write articles that generate a long term flow of traffic to your site. \* The ideal length and keyword density that is required nowadays for your article to draw the most visitors to your website. \* A shortlist of the all star directory sites for submitting articles.
