

Replay Media Catcher

[DOWNLOAD HERE](#)

Replay Media Catcher captures perfect digital reproductions from previously unrecordable premium sites like ABC.com, NBC.com, MySpace and many others, as well as sites like YouTube and Google Video.

The program uses a simple one-click process. Just click the "Start Recording" button, play the streaming Flash video or MP3 audio and the file will be recorded. Multiple streams can be recorded simultaneously

quickly with ease. Replay Media Catcher specifications: Download Size: 4501 KB Other System
