Crank the speakers up to eleven, turn up the strobe lights and push the smoke button until there's no more sense of space and time: This is "Ravestep" - Prime Loops' latest groundshaking dance floor innovation, fusing together deep and hard-knocking Dubstep flavours with all-out, energetic Rave vibes! You will not find another release like this, anywhere. Get ready to set the roof on fire - NOW! This insane collection of pumped-up kicks, beats, breaks, synths and basslines locked at 140-142bpm is set to cause multiple adrenaline rushes at the same time! Prime Loops' latest "Ravestep" adventure is the aural equivalent of a notorious Troma shock horror VHS tape: Ridiculously grimy, done in extra-bright colours, and most of all: wicked, hellish fun! "Ravestep" delivers the ultimate energy boost to make your audience go absolutely bonkers, whether you're booked to rock a broken-down warehouse running on nicked electricity or set to invade some hyped-up ber-club with kids waving their glowsticks like crazy: This jam-packed power station will enable you to cause some permanent damage! Inside you will find over 300 mb of stomach-wrenching sounds and loops that are comin' right at ya, already formatted for all major music machinery at supreme 24-bit quality and as usual 100 royalty free. Skilfully authored by Prime Loops latest resident signing, the truly incredible, Rotterdam based Bong-Ra, "Ravestep" brings you properly crafted, twisted and syncopated riddims that will mess up any dancefloor, gnarly loop arrangements that are intricate yet slamming, hooklines that will melt any raver's brain into a piece of eerily chuckling gray matter. This spine-tingling sound package provides you with all those precious shock-and-awe moments that are the highlight of any big BASS night. So what are you waiting for? Target the clubs right now - just hit download and you're all set to unleash your personal "Ravestep" attack! This is the .WAV version. Many other formats including Rex2, Apple Loops, Ableton Live Pack, Reason Refill + more can be purchased at primeloops.com
