"Would you come home, Walter? Please?" With these desperate words from the mysterious, distant mother he hasn't seen in ten years, Wally Day finds his carefully constructed world falling in on itself. For years, the handsome actor has made denial his own particular art form - from his stalled career to his emotionless embrace of the hard-edged boys who regularly traipse through his bedroom. But now, faced with this sudden intrusion from his past, Wally must confront the reasons he left his hometown of Brown's Mill in a cloud of anger, shame, and guilt. He must look face-to-face upon the ghosts of his past. Author: Mann, William, J.
