Attention: Anyone Serious About Joining The Ranks Of TOP Infopreneurs But Hates Writing... "Discover How YOU Too Can Have Your Own Collection Of In-Demand, Profit-Pulling Info Products In Just Minutes From Now With..." ... And When You Reach The End Of This Letter, You Will Also Discover A PRICELESS Bonus That Can Enable YOU To Profit From These Products Almost Immediately ! (HINT: NO, This Is NOT An Invitation To Join My Affiliate Program!) Dear Professional Marketer, If you would study the successful Infopreneurs, Niche Marketers and Internet Marketers of today, you would find that they all have one thing in common: they create their own products. And if you are serious about joining their ranks, you would want to create your own Info Products, too! Why? For starters, you make instant sales every time you sell a copy of your Info Product, something which you cannot achieve through affiliate marketing because the principal can only pay you after the product guarantee policy expires. Oh, and did I mention that you make only a certain percentage of sales? Sure, you can cover that loophole by reselling products with Resell Rights and earn 100 sales. But on the drawback, you have very limited flexibility towards the product rights because the copyright and ownership is still owned by its original author! While I am obviously NOT implying that you can't make money from affiliate marketing and Resell Rights - I make a decent income from them - but the point I'm driving home is this: if you want to make BIGGER bucks then the pot of gold is found in creating your own Info Products! With your own Info Products, it means an infinite number of choices and flexibility in the rights. Not only can you make up-front sales, you can: Decide how you want to make back-end income, Sell the product at a higher price by offering its Resell Rights and/or Private Label Rights, Elect to publish it offline, and If you have a collection of them, you can run a limited time sale by selling ALL of them in one package! These are some prime examples but you get the idea. In short, these are good stuff profit-pulling power houses are made of! Now Before You Think I've Just Spilled The Beans... ... there is often one HUGE problem in selling Info Products, and it's called product development. You need to have

a flair for writing to begin with. Then, you need to be an expert or reasonably knowledgeable in your niche. And speaking of niche, there's also niche marketing research. All these consume weeks to even months of your time! Sure, you've heard of marketers outsourcing their writing work to ghostwriters, but how much can you really afford? "Aww great... so what other options do I have?" you ask. May I Suggest That YOU Give Up Your Product Development Worries And... .. Own the ****NO RESTRICTION**** Private Label Rights to my latest collection of not one, not two, but four (28) brand new, smoking hot E-Books?
