[DOWNLOAD HERE](#)

MRR You're probably wondering exactly what 'Contact Automator' is. Well... its a revolutionary new program that allows you to create little applications that sit in your prospects system tray (The bottom right of your screen beside the time). This application will check whatever URL you tell it to as often as you want. And every time the URL updates, it lets your prospects know! Let me show you exactly how 'Contact Automator' works. All you do is simply open the program, fill in a few simple options, and press "Build Application".

1. Check Every - Enter how often you want this software to check for updates.
2. Type Text Message - You can put any notification text you want in that space, this is the update text
3. Application Title - That is the name you want to give your small updater software e.g. Salad Recipes Updater
4. Website To Check - Enter Your Website here
5. Build Location - This is where your created application will be saved on your hard drive. 'Contact Automator' will create an .exe file ready to distribute to your prospects and customers! Now anytime you want to bring them back to your website and sales message you simple update the page you entered when creating the file, and within minutes you're prospects will receive an alert direct to their desktop.

Newsletters - Guaranteed delivery of every issue of your newsletter -- no more accidental filtering or blocking of the e-mail version by ISPs and filtering software!

- # Special Offer Alerts - Your prospects get instant notification of all your latest special offers!
- # Backend Promoter - Strike up affiliate partnerships and promote them through 'Contact Automator'.
- # Affiliate Updater/Motivator - Inform your affiliate's of your new promotional material and products. Keep them up to date with their affiliate stats and motivate them to make YOU more money!
- # Membership Site's - Run your membership site through 'Contact Automator', now your members will always know as soon as you add new content.
- # Product Updates - Inform your customers of the latest updates to your products so they can get instant access without even opening their browser or email program!

And many, many more! That's all there is to it!
