A breakthrough In Affiliate Marketing and Promotion! Two-in-One package to protect and promote any affiliate program. Affiliate PageMaker a brand new Software Utility to create and Promote affiliate programs With WORLDWIDE Copy & Sell Rights Affiliate PageMaker V:1 You can use this simple tool to boost your affiliate sales. This software will create search engine friendly affiliate pages with Encrypted Affiliate Links. You can Increase Your Affiliate Sales! Protect Unsafe Affiliate Links! Use Proven and Successful Search Engine Optimization Techniques! Get Links to your Affiliate Pages from Major Search Engines! Are your affiliate links really Safe? Are you sure that people cannot alter your affiliate link and substitute their ID to bypass your commission. I'm going to show you a living example here; Do a search in Google Search Engine to find who are promoting 'The Paperless Newsletter Publisher's Guide', a wonderful Ebook written by Monique Harris. Google's listing shows nearly 50 people promoting this Ebook without encrypting their affiliate ID ! Now, tell me what will you do if you order the above product from any of those websites. I know that most of the people will substitute their affiliate ID to get at least 50 discount easily. You don't have to learn Advanced Programming techniques to do it. Very simple - isn't it? What about those webmasters spending their hard earned money on Pay Per Click Search Engines to promote affiliate programs? You know the answer, if they do the same mistake. Affiliate PageMaker will prevent hijack and bypass attempts to protect your commissions. I know that many tools are available to encrypt affiliate links and prevent hijacking. But most of them have Serious Defects !! They DON'T generate Valid HTML. (my explanation follows) They are NOT search engine friendly. Most of them use JavaScript redirection techniques which are NOT supported by Search Engines Robots. Some of them even use REFRESH tags which are also NOT favorable to Search Engine Spiders. You have to enter title, keywords, description etc. manually. They CANNOT hide Link URLs from the Status Bar when the mouse pointer is brought over a Link. NONE of them make separate pages for each Targeted Keyword. NONE of them apply various search engine optimization techniques like - - - When you use other tools to encrypt affiliate links/pages, such pages need not be valid HTML Pages. If you want to create a Valid and Search Engine friendly Affiliate Page. look no further! Affiliate PageMaker Utility is specially developed for

those who want to make their Affiliate Marketing Campaign a Real Success. Our software will generate Search Engine Friendly Affiliate Pages to promote any affiliate program on a mouse click. Affiliate PageMaker is easy to use. It doesn't require any programming knowledge, No HTML editing, Installing Scripts etc. How it works ? Enter your Affiliate Link, Title, short Description and Keywords on a short form. Close your eyes and press a button. Our system will generate Affiliate Pages with Encrypted Referral link. Separate optimized pages will be created for each keyword given. Each Affiliate page will have it's own unique URL related to your keyword. For example; if you promote an Ebook related to 'Alternative Cancer Treatment', you can create pages like alternative-cancer-treatment.htm, skin_cancer_treatment.htm etc. This technique will bring more targeted traffic to your site. You just have to save and upload generated pages into your server. By submitting each page to major search engines like Google and Altavista, you will get more hits to your WebSite. You can make links from your Ezines or PPC Search Engines to any of those pages created. Now you can Promote any affiliate program, Bring targeted traffic to your website and Spend money in pay per click advertising without any worry. Protects you from people who steal your Affiliate Commission. Easy to use and user friendly No more question marks (?) in affiliate link Instant HTML code generation No software to install No Scripts to Install No coding involved Create as many Affiliate Pages as you want. Your domain will be more famous even if you promote others' products Search Engine Friendly - Pulling Targeted Traffics from Search Engines Saves your Time and Money Knowledge in Advanced Internet Programming is not necessary. Your affiliate links cannot be seen by verifying the HTML Source. You can use short Affiliate Page URLs in your E-zine. Resell Rights included ! Copy & Sell You keep all the profits..
