

Payson Agentintegration Cc3

[DOWNLOAD HERE](#)

This is a Payson payment gateway for CubeCart 3 free e-commerce shopping cart This a script that includes a payment gateway like PayPal IPN where the order status is updated immediately after a purchase is made, the Payson confirmed that everything went wrong. This makes the mod extremely useful if you sell downloadable products, then it gives your customer the ability to download a purchased to be immediately after payment and without having to do anything. Please test how it works when you are shopping in our store. New in Version 2.1 In the new solution does not need the client have opened a Payson before payment is made, but everything happens in a smooth flow. Prerequisites to use this module: First You must have signed up to Payson agent integration and have received a AgentID and a hashnyckel. These must be specified when configuring Payson gateway in admin. Second Your Default Currency to be SEK (Swedish crowns) or EUR (Euro). The amount sent to Payson is the default currency, so if for example, U.S. dollars, so the customer pays only 4 kr for something in your store will cost \$ 4. Payson Agent Integration Ver. 2.1 Agent Integration means that you integrate Payson in your store at a more advanced way, which among other things, allows you to automatically retrieve answers to the store. Agent integration requires that you get a pen. MD5 key of Payson, which you order through the link below Payson has updated their website a currency so you can have the Euro as payment if you wish. License: Installing on 1 domain and webhosting I am authorized reseller of this payment gateways Tags: gateway
